BELOPP DRAS FRÅN ERT AUTOGIRO HOS BANKGIROT 2014-12-29.

19 ALLMÄN INFORMATION

Drabbas du av ett elavbrott som varar minst tolv timmar i sträck kan du ha rätt till ersättning. Lägsta ersättning är 900 kronor förutsatt att ersättningen inte jämkas. Oberoende av elavbrottets längd kan du ha rätt till skadestånd. Läs mer om avbrottsersättning och skadestånd på www.skekraft.se/avbrott eller kontakta vår Kundservice.

20 Dröjsmålsränta utgår enligt räntelagen om ej annat avtalats. Vid påminnelse tillkommer påminnelseavgift. Vid flytt/kundbyte anmäl detta till din nätägare 30 dagar innan önskad avläsning. Angående elavtalet kontakta ditt elhandelsbolag. Fakturaspecifikation finns på baksidan. För information om konsumenträttigheter, oberoende användarrådgivning, reklamationshantering och tvistlösning kontakta vår Kundservice eller besök vår hemsida. Godkänd för F-skatt.

1. **Billing date.** When the bill is produced.
2. **Customer number.** Your customer number at Skellefteå Kraft. Please use this when contacting us.
3. **Bill no / OCR no.** The bill number is the same as the OCR number. Use this in combination with your customer number when paying using a method other than the provided payment slip. You only use the OCR number when paying online.
4. **Ref. bill no.** If the bill is credited, this refers to the original bill.
5. **Reference.** If you have asked for a reference on your bill it will be shown here.
6. **Billing address.** If this is inaccurate, please contact customer service.
7. **Billing period.**
8. **Electrical installation information.**
9. **Contractual information.**
10. **Detailed information.**
11. **Electricity supply.** Total price, including VAT. The cost of the electricity consumed during the period the bill relates to. Detailed information is provided on the back of the bill.
12. **Electrical grid.** Total price, including VAT. The cost of the electrical grid during the period the bill relates to. Detailed information is provided on the back of the bill.
13. **District heating.** Total price, including VAT. The cost of district heating during the period the bill relates to. Detailed information is provided on the back of the bill.
14. **Due date.** The date by which the bill is to be paid.
15. **Net.** Net amount. Total price, excluding VAT.
16. **Total VAT.** 25% of the net amount.
17. **Rounding off.**
18. **Total amount.** The amount you are to pay. Total price, including VAT. The amount is always rounded off.
19. **General information.** Here you will find up to date information from us. You will also find the current interim price and variable electricity certificate charge. This does not affect those who have fixed rate electricity or district heating.
20. **Interest on overdue payment is applied in accordance with the Swedish Interest Act unless otherwise agreed.** If a reminder is sent out, a reminder fee will be added. If the customer is changing, please inform your network owner 30 days before the date you wish the meter to be read. Contact your electricity supplier regarding the electricity supply contract. Detailed information is provided on the back of the bill.
21. **OCR number.** This number is used when paying using a method other than this payment slip. It is always the same as the bill number.
22. **Total amount.** The amount you are to pay. If it says "makulerad", you do not need to pay anything. This may be because you have enabled automatic payment, meaning the sum will be withdrawn directly from your bank account. It could also indicate that you will be receiving a refund. In which case we will refund you via plusgiro or autogiro.
23. **Detailed information.**
24. **Electrical installation address.** The address to which electricity is supplied.
25. **Electrical installation specification.** A code for your electrical installation. This is combined with your area specification to create a unique identifier.
26. **Area specification.** A three letter code that tells us where in Sweden your electrical installation is located.
27. **The type of contract you have signed.**
28. **Contract number.** Your contract number with us. This is only used in-house at Skellefteå Kraft.
29. **Electricity supply.**
30. **The price for the electricity that you consume,** depending on which contract you have.
31. **Energy tax.** Tax on electricity consumed that you pay to the government.
32. **Monthly fee.** A fixed monthly fee that is the same amount, regardless of how much electricity you consume.
33. **Consumed during the billing period.** The number of kilowatt hours (kWh) that you have consumed during the billing period.
34. **Electricity price per kWh, excluding VAT.** Multiply by 1.25 to see the price including VAT.
35. **Energy tax per kWh, excluding VAT.** Multiply by 1.25 to see the price including VAT.
36. **Total for this electrical installation.** The total amount consumed during the billing period.
37. **Information that is used when changing electricity supplier.**
38. **Power grid.**
39. **Subscription, 16 A.** A fixed fee for access to the power grid. The cost depends on the electric current, in ampere, of your main fuse.
40. **Electricity transmission.** The transmission of electricity through the distribution network to your home.
41. **Authority fee.** Includes administrative authority fee, electrical safety tax, network monitoring fee and electricity preparedness fee.
42. **Electricity transmission per kWh, excluding VAT.** Multiply by 1.25 to see the price including VAT.
43. **Meter number.** The ID number of your electricity meter, which measures your consumption.

44. Read. The date and meter reading for the current reading. If it says "beräknad" the meter was not actually read at the time that the bill was produced. In this case we use an estimate based on your estimated annual consumption. This will be corrected when we receive an actual reading.

45. Meter reading. Shows the meter reading in kWh.

46. Consumption.

47. Estimated annual consumption. Based on your electricity consumption from the previous 12 months.

48. Origin labelling showing the energy sources used to produce the electricity you have consumed. All electricity we sell to domestic customers is labelled with its origin and comes from our own renewable sources. Of our total sales, 80.9 per cent comes from renewable sources.

49. District heating.

50. Service agreement, Villa litet. Shows which service agreement you have.

51. Energy fee. The price of the district heating that you have consumed.

52. Effect fee. Calculated by dividing the mean value of the past two years' annual correction average in kWh during December, January and February with usage time (hours/year). For houses the usage time is 940 hours.

53. Meter number. The ID number of the district heating installation.

54. Meter reading. Shows how much you have consumed during the period in MWh.

55. Consumption.

56. Estimated annual consumption. Based on your district heating consumption from the previous 12 months.
