

# Program

## Blaiken inauguration ceremony and high-level summit about large-scale wind power potential

STORUMAN, SEPTEMBER 7- 8, 2017

### Blaiken inauguration ceremony September 7

**08:00** Bus transfer from Skellefteå, Scandic Hotel

**10:45** Bus transfer from Sorsele, the bus station

**11:25** Bus transfer from Storuman, Hotell Toppen

Lunch at arrival

**13:00** Inauguration ceremony at Blaiken

**14:10** Guided tours

No cars are allowed within the park during the opening ceremony. Coordination of transports for shared busses will be needed.

For questions please contact our travel coordinator [veronica.lindstrom@skekraft.se](mailto:veronica.lindstrom@skekraft.se)

### Summit program, September 7

HOTELL TOPPEN

#### Wind power and the shift to a carbon-free and renewable energy production

**15:00** Welcome

*Moderator: Malin Thorsén, CEO Bright Planet*

**15:10** The Swedish majority agreement on Energy - the road to 100% renewable energy production by 2040

*Ingemar Nilsson, Member of the Swedish Parliament*

**15:30** Scenarios for Sweden to achieve 100% renewable energy production by 2040

*Frank Krönert, Senior Consultant at SWECO Energuide*

**15:50** Wind and water from the North - important assets for Sweden in order to achieve 100 % renewable energy production by 2040

*Hans Kreisel, CEO Skellefteå Kraft*

**16:10** Fortum's perspective on Wind

*Philippe Stohr, Vice President Wind, Fortum*

**16:30** Break

**16:45** Can we achieve a balance between 100% renewable energy production and ecological status in our waters?

*Jakob Granit, Ph.D, Director General Swedish Agency for Marine and Water Management*

**17:00** Towards a sustainable Energy Union

*Annika Korzinek, European Commission representation in Sweden*

**17:20** Summary

*Malin Thorsén, CEO Bright Planet*

**17:30** End of day

**19:00** Dinner

# Summit program, September 8

HOTELL TOPPEN

## **08:30 How we worked together to build one of Europe's largest land-based wind farms**

Blaiken Wind Farm has concentrated on the development of wind power in cold climates. The morning's discussion will focus on the wind farm construction journey and the importance of de-icing technology for maximum energy production in arctic climates.  
*Host Mikael Lindmark, BlaikenVind AB*

**09:30** Break

## **Wind power - prerequisites for further expansion**

**10:00** Introductory comments

*Moderator: Malin Thorsén, CEO of Bright Planet*

**10.05** The status of wind power

*Charlotte Unger, CEO of Swedish Wind Energy*

**10.25** Discussion on wind power with Björn Risinger

*Björn Risinger, Director General of the Swedish Environmental Protection Agency*

**10.40** Environmental responsibility at Blaiken - consideration for high natural values and co-operation

*Sandra Åström, Environmental Co-ordinator at Skellefteå Kraft; Katarina Erelöf, Environmental Co-ordinator at Fortum*

**11.00** Short break

**11:15** Co-operation as a facilitator

*Peter Omma, Umby Lapp Villlage; Kjell Öjeryd, Sorsele Municipality; Magnus Langedoen, Västerbotten County Council; representative from Storuman Municipality*

**11:40** Summary

*Jens Bjöörn, Senior Manager, Fortum; Hans Kreisel, Group Chief Executive of Skellefteå Kraft*

**12.15** Lunch

*The program for September 7 will be held in English, the program for September 8 will be held in Swedish.*
